Children's Therapy Connection (CTC) is a family-owned First Steps provider serving central Indiana families since 2007. Our vision is focused on the concerns and goals expressed by your family, seeking to provide innovative and constructive therapy interventions that are age-appropriate and tailored to your child's needs. Our passion is providing the utmost quality of care while helping your child to realize their potential.

Over the years, we've served thousands of families, guiding them from their initial therapy session to graduation. We happily provide your family with quality, skilled therapists, educational resources, materials & equipment to aid your child's progress, and access to our additional services (see below) to accentuate your child's therapy experience. We will work with your child's physician to monitor their developmental milestones and ensure your child is getting the services they need.

Let us be your guide through First Steps, and we will work hand-in-hand with you to connect your child with their potential! Each family receives a free HELP® Wall Chart to visually track progress, quarterly newsletters with tons of fun and therapeutic ideas, and access to our Family Fun nights to meet other First Steps families. Please contact our office at [info@childrenstherapyconnection.com](mailto:info@childrenstherapyconnection.com) or (317) 288-7606 for additional details or find us online at [www.childrenstherapyconnection.com](http://www.childrenstherapyconnection.com).
