Agency Website: [www.eastersealscrossroads.org](http://www.eastersealscrossroads.org)

Service Area(s): **G 1 Hamilton/Tipton Co. G 5 Northeast Marion Co G 7 Southern Marion Co**

Agency Description: Easterseals will partner with your family to develop treatment goals and provide support and education to help you become more effective in reaching developmental goals. Services are provided to any family found eligible by the First Steps program in their home, at a child care setting or another community location.

**We are with you through the journey.** We provide Physical, Occupational, Speech-language, Developmental, & Augmentative Communication therapy services utilizing a family-focused, collaborative team approach.

**We give you more.** We provide access to nursing, nutrition, social work, and psychology services when needed. Resources such as support groups, access to computers/internet, and information or referral services are available through our [Autism Family Resource Center](#). We also offer [respite services](#) every Friday night from 6p.m.-10p.m. through our Parent's Night Out respite service.

**We are familiar with your child's situation.** Our staff has experience serving children with diverse diagnoses including autism/ASD, tracheotomies, torticollis, sensory integration disorders, Down syndrome, feeding difficulties, developmental delays, cerebral palsy, high and low muscle tone, Erb's Palsy, chromosomal abnormalities, premature births, and prenatal drug exposure. Due to our comprehensive approach, we are able to provide a smooth and easy transition from First Steps to continued outpatient therapies in our clinical setting.

Our team of experienced professionals is led by our Medical Director, Charles Dietzen, MD, a Board Certified Psychiatrist specializing in physical medicine and rehab.
