### Our Service Areas

Marion County West and Marion County East

### Agency Description

Noble Children's Services are designed to help you gain the skills to meet the needs of your child. Our services promote the healthy development of children in their natural environment, the setting that is most developmentally appropriate and least restrictive. We address your concerns and priorities through informal and natural resources first, with professional support as needed.

Since 1953, Noble has served thousands of children through therapies like First Steps Early Intervention. In the mid-1980s, Noble was the first in Indiana to serve children in their homes and daycares. We also have years of experience working with local school corporations in helping children transition to pre-school. When you choose the Noble Network, you select a partner that will work hand-in-hand with you to help your child learn and grow.

### In addition to Children's Services, Noble also offers:

- Autism Services
- Behavioral Therapy
- Center for Family Leadership
- Central Indiana Autism Support Group
- Respite
- Summer Camps
- School-to-Work
- Community Employment
- Community Living
- Community Exploration
- Therapeutic Art, Music and Recreation
- SibShops

*We Look Forward to Working With You to Meet Your Child's Needs!*
